

Help us grow the vision and fulfill the mission of

Love Me!

Not only are we helping by showing girls that they can create an income by the work of their hands, we are helping them to see their innate value and beauty!

HOW YOU CAN HELP

Show that you care and help add to our vision by giving items such as:

- Hair Products (shampoo, conditioner, moisturizer, etc.)
- Beauty Products (lip gloss, nail polish, and other age appropriate items)
- Creative Tools (arts and craft, styling, etc.)

Your items will be given directly to the young ladies who experience Love Me.

HOW IT STARTED

When I was a little girl I played with my dolls and styled their hair for hours. I tapped into my creativity. I believe it's important to encourage our youth to use the natural talents that they have.

My friend, Talibah, called me and asked if I wanted to show the young ladies a few techniques to tighten their skills. I was happy to purchase all of the supplies and offer my time. My goal is to do more and also add customization of tee shirts and jackets.

THE BENEFITS

Learning a skill brings a bunch of advantages to girls, just like it does for anyone! Here are some of them:

- Increased Confidence and Self-Esteem
- Ability to Produce Income
- Life Skills and Problem-Solving
- Personal Growth and Creativity
- Socialization and Teamwork
- Future-Ready
- and more!
